

“Innovative
design and decade long experience
blended to
produce top quality machine with
productivity, flexibility and Reliability”

**RELIABLE PERFORMANCE AT
AFFORDABLE COST**

BIND PRO 6
6 Clamp Perfect Binder

6 Clamp Perfect Binder Machine

FEATURES

- User friendly on line creasing adjustments on the fly
- Precision tail and head end cut-off spin gluing with scale
- Accessories in built inside the machine
- Automatic cover feeder with scoring device
- Strip Milling and roughening station with separates waste exhausted system
- Hot melt spine gluing device with two forward rollers and a reverse roller fitted with heater
- Separate side glue tank with independent temperature controller
- Infra red electronic cover control device

TECHNICAL DATA

Clamps

No. of clamps - 6 Nos.

Book Size

Maximum Book Size - 440 mm x 230 mm

Min. Book Size 150 x 100 mm

Book Width - 100 mm - 270 mm

Book Length - 150 mm - 440 mm

Book/Spine Thickness - 3 mm - 65 mm

Max. Cover - 440 mm x 510 mm

Min. Cover - 150 mm x 220 mm

Grammage

Signature Grammage - 48 gsm - 170 gsm

Wrapper Gerammage - 90 gsm - 300 gsm

Milling Station

Milling Depth - 0.1 mm - 3 mm

Cover Feeder

Max. Pile Height - 100 mm

Scoring - Double or Quadruple

Power Supply

Power - 415V, 50 Hz, 3 Phase +
N/8.5 KW / 12A

Dimension and Weight

Length x Width x Height - 3200 mm x 1400 mm x 1220 mm
(10.5 ft x 4.6 ft x 4 ft)

Weight - 2700 Kg. (apprx.)

Speed

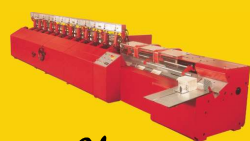

Mechanical Speed - 2500 cycles/hour
